LIBERTY

Wake Up America!

Don't be fooled, it's a circle. Don't think **left** or **right**, think **UP** or **Down**!

The **Demopublicans** are all heading in the same direction and aimed for the same destination.

Which path did the demagogues and pandering politicians talk you into taking to their dreamland of total control over our lives?

How far are you willing to go toward the extremes for the sake of ideology?

*Totalitarianism
Theocracy
Dictatorship
Communism
Socialism
Fascism*

The further you go, the closer you get to meeting your opponents as fellow serfs in a tyranny .

Why not just stay in the upper middle with limited government? Could we at least stay above the equator? Pretty please?
